

# Vision at a Glance

MAY 1, 2008

VOLUME 1, NUMBER 3

## Vision Launches Its First .NET Solutions

This spring we'll kick off the first product launch in Vision history with Vision Financials and Vision Payroll sharing the stage.

Beginning in the month of May, the launch wave will begin with a kick-off in the City of Burlington and continue over the next 3 weeks touring various sites and concluding in the City of Spokane.

The event will provide an excellent opportunity to get an in-depth, up-close look at the new products and will give attendees an opportunity to provide feedback and suggestions for our future endeavors.

Stay tuned for times and places to be announced. If you are unable to attend one of the events, please be sure to visit our website at [www.visionms.net](http://www.visionms.net) or contact Brandon at [brandon@visionms.net](mailto:brandon@visionms.net) for additional information or to set up a personal demonstration.

## Vision Municipal Solutions Continues To Grow

Vision is now entering its second year of business and preparing to release our first line of products. We are fully aware that our accomplishments are not simply attributable to hard-working employees. We grew and prospered only because we found some great friends like you who gave us loyal support along the way.

So this is a thank-you note—for buying and promoting our products and services, for putting up with our “growing pains,” and just for helping to put Vision Municipal Solutions on the map. The future looks bright, and we want to acknowledge your contribution to our company’s success.

*“It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade.”*

*Charles Dickens*

## 2nd Annual Vision Conference

Please join us for the 2nd Annual Vision Conference taking place from Wednesday, October 15th through Friday, October 17th, at the Enzian Inn, Leavenworth, Washington.

*"Spring is nature's way of saying, 'Let's party!'"*

*Robin Williams*

Make your reservations soon as space is limited. The event confirmation group number is 7890.

Information about the Enzian Inn is available on the web at [The Enzian Inn](#).

To show our appreciation for your participation, we will be giving away prizes including a copy of Vision Reporting Services for ASP.

Come network and let us know what you think about our progress.

## Disaster Recovery

*"Spring is when you feel like whistling even with a shoe full of slush."*

*Doug Larson*

Any number of unexpected disasters can strike without warning. And, when it happens, all a client has left is a data backup that may or may not be current and a payroll that has to go out tomorrow.

We strongly encourage our clients to verify that they have a backup plan in place in case of emergency.

We would be happy to assist in suggesting a plan if one is not already in place.

Please contact [craig@visionms.net](mailto:craig@visionms.net) with any comments or questions

## Newsflash – Vision Prevails!

*"Science has never drummed up quite as effective a tranquilizing agent as a sunny spring day."*

*W. Earl Hall*

On February 22, Vision celebrated a victory in Civil Court with a summary dismissal of all charges brought against us by Harris Computer.

It's a wonderful occasion for us, and we're proud to announce that it's over.

We regret any inconvenience this litigation has caused our customers. We can't thank all of you enough for your support and encouragement; it means the world to us.

## Whispers from the Cave $(x + a)^n = \sum_{k=0}^n \binom{n}{k} x^k a^{n-k}$

Did you know that Vision also offers all of our solutions in 64bit?

We have also been spending time qualifying our applications on Microsoft SQL Server 2008 and are pleased to announce that they are fully compatible.

**Tips:** Did you know that you can securely access Vision Reporting Services from the web using SSL (Secure Sockets Layer).

Soon you will be able to render reports through Reporting Services to Microsoft Office Word.

Please contact [john@visionms.net](mailto:john@visionms.net) with any comments or questions

*"In the spring I have counted one hundred and thirty-six different kinds of weather inside of four and twenty hours."*

*Mark Twain*

## Developer Visions

Vision Developers are already looking forward to welcoming the newest addition to our suite of software. Development of Vision Utilities and Vision Cash Management has now begun.

Look for the launch of **Vision Utilities** coming Fourth Quarter 2008

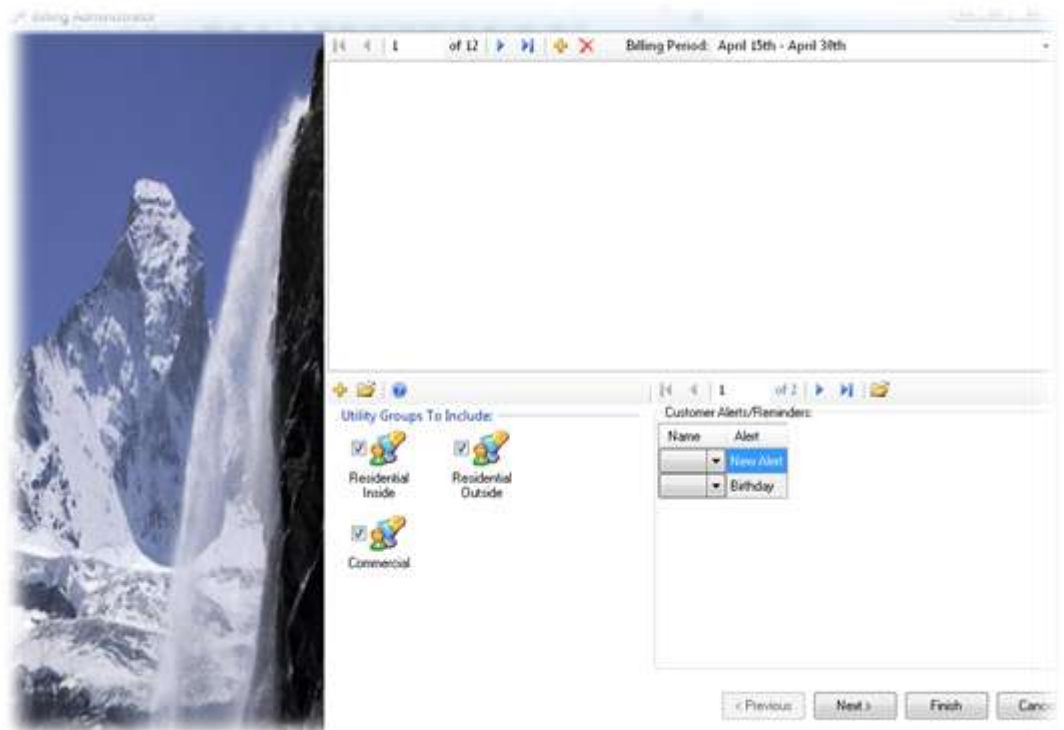

We are currently exploring new features to include and would love to incorporate your ideas.

*"Success usually comes to those who are too busy to be looking for it."*

*Henry David Thoreau*

*The sun was warm but the wind was chill. You know how it is with an April day When the sun is out and the wind is still, You're one month on in the middle of May. But if you so much as dare to speak, A cloud comes over the sunlit arch, A wind comes off a frozen peak, And you're two months back in the middle of March.*

*Robert Lee Frost*

Please contact [john@visionms.net](mailto:john@visionms.net) with any comments or questions.

---

We would like to take this opportunity to personally thank each and every one of our customers who agreed to take part in our new business venture. We trust we'll meet or exceed your expectations in the coming months and years.

**We would also like to Welcome our 2008 additions to the over 100  
Vision Family Members  
Thank You for Choosing Vision.**
